

## Winery Tours at Kränzelhof

Kränzelhof, a historic winery, is an inspiring estate in South Tyrol, a “Kulturhof”. Here, wine, gardens, art, and cuisine come together to create a fulfilling experience. Our organic wines reflect the diversity of nature, and the gardens are meeting places between people, nature, and art. Changing sculpture exhibitions by national and international artists and various events at the “Kulturhof” invite you to linger and return. The timeless Miil restaurant and the ESSBAR garden bistro are dedicated to pleasure. Our talented chefs are inspired by the diversity of the seasons and create delicious creations from them. A visit to Kränzelhof invites you to linger, discover, and enjoy.
